PET POLICY

STAYING WITH YOUR PET
at Aavi Beach Retreat

At Aavi we welcome all pets with all our heart. They're part of the family, and we're glad to have them here. Just a few little things will help keep the stay comfortable for your pet, other guests, and the staff.

AAVI
BEACH RETREAT

A happy stay, together

1. When you book

Tell us about your pets when you book - their names, their breed, and how many of them are coming along. Please make sure their vaccinations, flea and tick protection are up to date.

2. Where pets can stay

Pets can stay only in the four rooms in the Heritage building, our ancestral home. Pets are not allowed in the Classic building. Up to two pets can stay in each Heritage room. If more furry family members are coming along, tell us when you book so we can discuss room arrangements.

3. Pet food

We're happy to cook for your pet, but it is chargeable. We'll discuss the charges separately, as they depend on your pet's needs. If they have a favourite food they can't do without, do bring it along.

4. Beds, linen and sand

Bring your pet's favourite bed, bowls, towels and waste bags. To keep everyone's stay comfortable, pets aren't allowed on our beds or mattresses. Please let them use their own bedding, and keep them off upholstered furniture too. Guest towels and linen are for people. After a beach walk, a quick clean and dry will help keep sand out of the room.

5. Around the property

Keep your pet with you throughout your stay, including in your room - please don't leave them alone. We don't offer pet-sitting. In shared spaces, use a leash or a secure carrier. Give other guests and animals their space, and help your pet settle if barking or excitement starts to disturb anyone.

6. Where pets can't go

Please keep pets out of the dining area, kitchen and other guests' rooms. Our team will show you the outdoor areas you can enjoy together.

Comfort, care and clean-up

7. Pet waste

Please pick up after your pet straight away; our team will show you where to dispose of waste. If there's a little mess, tell us promptly so we can help prevent stains or lasting damage.

8. Housekeeping

We'll agree on a convenient time for housekeeping. Take your pet out for a stroll while we clean. If you'd rather stay, check with our team and keep your pet safely beside you on a leash or in their carrier.

9. Damage

Don't worry, these things happen. Damage caused by pets to furniture, upholstery, linen, towels, curtains or other property is chargeable. We'll explain the cost of cleaning or repair, and if an item can't be repaired, replacement may be needed. Normal wear and routine housekeeping aren't damage charges.

10. Safety

You are responsible for any injury your pet causes. If there's a safety risk or repeated disturbance, we may need you to make other arrangements for your pet.

11. Fumigation charges

We fumigate and deep clean every room used by pets after check-out, so the next guests arrive in a fresh, spotless space. This costs Rs 1,500 plus taxes for up to two pets for up to three nights of stay. Additional pets or nights carry an additional charge.

We can't wait to welcome you and your furry family to Aavi.
